Stronghold

of Calrossie

bloodlines —

Calrossie bloodlines

are sought after the world over. The stronghold for this renowned breeding in America is at Acadia Farms (Northfield, Ohio) through their three great imported bulls, Calrossie Sportsman, Calrossie Treubadour and Ballathie Perfect.

**You can buy the famous Calrossie bloodlines on May 21st in the
Third Annual Auction Sale at Acadia Farms**

Just ahead of the 1955 Perth sale, a delegation from Acadia Farms visited the famous Calrossie Herd in Scotland. The above snapshot, from left to right, shows Mrs. Cyrus Eaton, Jr., Captain John MacGillivray, and Miss Betty Royon.

Thirteen times the supreme champion at the internationally famous Perth Show and Sale in Scotland has been bred and exhibited by Calrossie. Twenty-one supreme champions at this great event either have been bred at Calrossie or sired by Calrossie bred bulls. Why not buy this improving blood in the Acadia Sale on May 21st?

Acadia Farms ANNUAL SALE

to be held at Acadia Farms

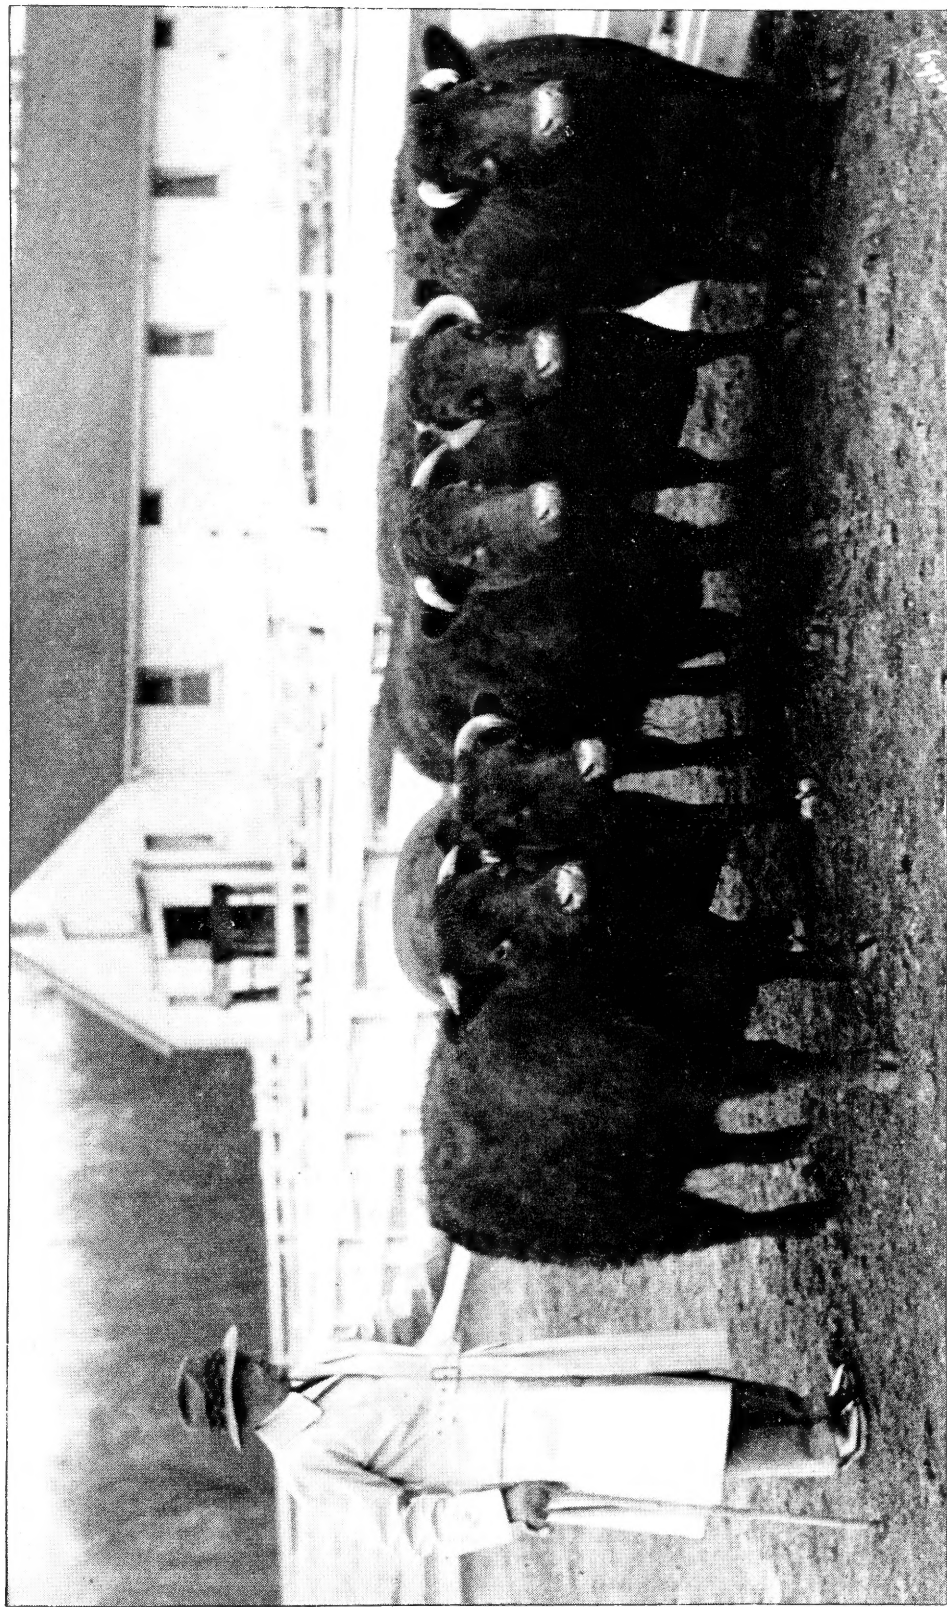

On State Hwy. 8, midway between CLEVELAND and AKRON

Northfield, Ohio, Sat., May 21, 1955

Please bring this catalog with you to the sale.

Out of cows like these come the kind you will buy in this sale . . . providing perfect assurance of the ability to reproduce unfailingly.

Mr. Cyrus Eaton, owner of Acadia Farms, looks admiringly at the five female members of the famous primula family. This family is described on page 25 of this catalog.

GENERAL INFORMATION . . .

This auction sale will be held at Acadia Farms, Northfield, Ohio, on Saturday, May 21, 1955.

The sale will start at 12:30 p.m., Eastern Standard Time. Lunch will be served at the farm.

Acadia is located on State Highway 8, midway between Cleveland and Akron.

We ask all who travel by train or plane to advise us in advance so that we can meet them in Cleveland. Cleveland is on the main lines of the New York Central, Nickel Plate, Pennsylvania, Erie and B & O Railroads as well as on principal airlines.

We suggest that you come to the sale early so that you will have an opportunity to inspect the Acadia herd of breeding cows as well as our herd bulls.

Those unable to be present and who desire to do so may send buying orders to any of the following men, all of whom will be in attendance:

Hal Longley, The Shorthorn World, 16 S. Locust St., Aurora, Illinois.

H. W. Walker, Eastern Representative, The Shorthorn World, 904 E. Maple Road, Indianapolis 5, Ind.

Allan C. Atlason, Secretary, American Shorthorn Breeders' Ass'n., 7 Dexter Park Ave., Chicago 9, Illinois.

Ed Huff, Eastern representative, American Shorthorn Breeders' Association, Culpeper, Virginia.

Mr. Cyrus Eaton, owner of Acadia Farms,
and your host on May 21st.

A Warm Welcome Awaits You!

IF YOU LIKE Shorthorn cattle, we hope you'll come to Acadia on Saturday, May 21st. We're eager to welcome old friends back again and to greet new ones for the first time.

Once more, we should like to have you appraise the sale cattle with your own eyes, rather than attempt to sway your judgment in advance. This catalog contains complete information about pedigrees and bloodlines, in which we take justifiable pride. But, as in 1953, we again want you to judge for yourself how closely individuality matches inheritance when you see our cattle on sale day.

Plan to arrive as early on May 21st as possible, or a day ahead if you can, to allow plenty of time for a careful inspection of the breeding herd and our three imported herd bulls, Calrossie Sportsman, Calrossie Troubadour and Ballathie Perfect.

Cyrus Eaton
Acadia Farms

Here prize Shorthorns are being paraded before some of the over 600 city and farm folks attending Cyrus Eaton's breed-promoting Cattle Round-Up, held at Acadia Farms, Northfield, Ohio, last October.

Guarantee

All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association. This guarantee is printed in full on page 72 of this catalog. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but at their risk of loss or injury.

Terms

The terms of the sale are cash.

Health

The Acadia Herd is Federally Accredited for Tuberculosis and is tested regularly for Bang's disease. Health certificates will be issued on sale day by a representative from the office of the Ohio State Veterinarian. Calftood vaccination is practiced at Acadia Farm.

Headquarters

Headquarters for those who travel by train or plane will be at the Hotel Cleveland in Cleveland, Ohio. The farm is located 15 miles Southeast of Cleveland and we will gladly provide transportation to the farm if advance notice is given. If you come to the sale by car, please invite others in your section who are interested in good Shorthorns to ride with you.

We will do everything in our power to insure the safety and comfort of our guests but we assume no liability for accidents of any nature.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the sale manager nor the clerk of the sale assume any liability, legal or otherwise.

An Unusual Buying Opportunity

Although this is the third auction of Shorthorn cattle to be held at Acadia Farms, it is the first in which practically all of the cattle were bred and developed at Acadia. It takes a lot of planning and building to bring a herd up to such a point of production and I am full of admiration for those in charge at Acadia for having done the job so well.

Success in the business of producing improved livestock is dependent on adherence to a strict program. Owner Cyrus Eaton, a conspicuous success in many other lines of endeavor, started his Acadia Herd with the determination that it would reach the top. To accomplish this aim he took as his pattern the famous Calrossie Herd in Scotland, a herd that had already reached a point of world-wide fame. Through carefully selected herd bulls and foundation females, such great quantities of this blood were infused into Acadia Shorthorns that today Acadia is known as a stronghold of Calrossie bloodlines.

The rewards will be apparent to all who attend the important Acadia Sale on May 21st. Six outstanding sons, twenty-five beautiful daughters and three granddaughters of Imported Calrossie Sportsman are included in this sale. Those who buy them will secure individuals of outstanding quality as well as direct infusions of the blood that has been most responsible for Calrossie success, Kirkton Baronet and Millhills Champion.

It was the request of the owners that no animals be described in this catalog, since they feel that good cattle judges will prefer to analyze the sale offering for themselves on May 21st. Nevertheless the catalog is very informative. Pictures of nearly all sale animals are displayed and a special effort has been made to point out interesting facts about the breeding. I congratulate the owners on making such a strong sale offering available and venture the prediction that those who buy on May 21st will improve their position in the industry.

Two very important people at Acadia Farms and one very important Acadia-bred heifer. The picture shows Betty Royon and Dwight, Griffith, vice presidents. The heifer is Acadia Primula 3rd by Calrossie Sportsman, grand champion female at the 1954 National Shorthorn Show, held in connection with the Ohio State Fair.

A word from Betty Royon, Vice-president

We inspected 23 of the top Shorthorn herds of Scotland and England, besides attending the Perth Show & Sale, during our two week visit in February, 1955. From the smallest to the largest, the cowherds were made up of daughters of no more than three or four bulls of closely related bloodlines, while the herd sires all had obviously been selected for further intensification of the same strains as well as for individuality.

The Shorthorn breeders of Great Britain watch bloodlines with meticulous care and, to preserve hard-won uniformity, guard against violent outcrosses in choosing new stock bulls. This has been the basis of our Acadia breeding program, as you will observe from the pedigrees of Imported Calrossie Sportsman, Imported Calrossie Troubadour and Imported Ballathie Perfect.

We were particularly gratified with the glimpse we got in Scotland of the dams of our imported bulls. They are three grand brood matrons, completely correct in type and color, and truly ornaments of the breed. Daughters of cows like these are seldom if ever offered for sale, we feel fortunate indeed to have been able to buy their sons.

We were also thrilled to be present at the Perth Show that marked the thirteenth occasion on which Captain John MacGillivray has won the Supreme Championship with one of his Calrossie bulls. Acadia takes pride in being the North American stronghold of Calrossie bloodlines, and in the fact that our three imported bulls have in back of them the same breeding as the 1955 Perth Supreme Champion.

BETTY ROYON.

A word from Dwight Griffith, Manager

Here at Acadia Farm is one of the outstanding cow herds of the Shorthorn breed. To the original foundation of top females from the leading herds of the United States and Canada were added a score of the best heifers that could be obtained from the strongest herds of Scotland.

Imported Calrossie Sportsman was carefully chosen to head this great group of females. There never was any doubt about his potential breeding power and now, with four crops of calves on the ground and the fifth crop beginning to arrive, the uniformity, feeding ability, wealth of natural fleshing and beautiful character of his get must rate him among the front ranking sires of the breed. The selection of Imported Calrossie Troubadour and Imported Ballathie Perfect to use on the daughters of Imported Calrossie Sportsman was based both on the individual merit and on the inherent strength of their dependable bloodlines, which have won the highest distinction on both sides of the Atlantic.

DWIGHT GRIFFITH.

Here's what an Acadia bred son of

Anoka Sportsman is shown at the left in his calfhood form. When H. L. Wernicke & Son, Lena, Illinois, bought this bull, the first son of Imp. Calrossie Sportsman to be offered for sale, a lot of good judges felt that they had made the buy of the year. Though the bull was only 11 months old at the time, the Wernickes paid \$2,000 to obtain him in the Curtiss Candy-Anoka Sale in 1952 because they felt he would prove a sire of the true beef type. How right they were! Read what the steer calves by Anoka Sportsman have done in major shows.

Below left—Ronnie Stauffer holds his Wernicke bred steer that topped 27 junior yearlings in the junior show at the 1954 International.

Below right—Second prize in the junior yearling class at the 1954 International went to this Wernicke bred steer shown by Larry Momm-sen.

Calrossie Sportsman did for his owner

Louis Wernicke, Lena, Illinois, is shown in this picture with Russell Zier's steer right after he won the Shorthorn steer championship at the 1955 Ft. Worth Show. The same steer had previously been the grand champion senior calf over all breeds at the International.

Wernicke Bred Grandsons of Calrossie Sportsman Win High Honors at 1954 International

Two beautiful carcassed, weighty red H. L. Wernicke and Son-bred steers topped a class of 27 junior yearlings. The number one entry was shown by Ronnie Stauffer of Waddams Grove, Illinois. The second-prize steer was shown by Larry Mommsen of Goose Lake, Iowa. The number one steer appeared to possess an advantage in scale. Both, like the first-prize senior calf also bred by H. L. Wernicke and Son, were by Anoka Sportsman and were out of daughters of Cruggleton Barnone. These steers provided significant proof of highly valuable germ plasm in the bloodlines represented. For making such steers available H. L. Wernicke and Son were warmly congratulated by breed officials and fellow breeders.

The senior calf class of the junior feeding contest was headed by a balanced, thick, wide, deep, red steer shown by Russell Zier, 15, of Milledgeville, Illinois. This steer was by Anoka Sportsman out of a daughter of Cruggleton Barnone. Russell's steer was one of three great steers in this show bred by H. L. Wernicke and Son, Lena, Illinois. Russell bought his steer as a small calf the first week in De-

cember of last year. This was his first year's showing at Chicago. He now has another Wernicke steer for his 1955 project.

Russell's steer went on to win reserve breed championships in the junior and open shows and age championship over all breeds.

Russell's reserve breed victory in the junior contest earned him the Illinois Shorthorn Breeders' Association special award of \$100 to the Illinois 4-H member or vocational agricultural student winning the highest rating.

Zier Has Breed Champion In Strong Fort Worth Show

Sixteen-year-old Russell Zier, Jr., Milledgeville, Illinois, showed his thick-bodied, well-balanced, dark red Shorthorn steer to the breed championship at Fort Worth in one of the greatest Shorthorn steer shows ever held at this southwestern exposition. All steers at Fort Worth were judged by Herman Purdy, Pennsylvania State College.

There were many at ringside, including supporters of the other two major beef breeds, who felt that this outstanding red Shorthorn champion was a cinch for the over-all championship. However, in the finals, two whiteface steers were given the championship nods. For the most part they looked like they needed 100 days more feeding to make them even come close to the superb finish of the Zier steer.

The winner had been the best senior calf at Chicago over all breeds and the reserve breed champion. He was sired by Anoka Sportsman and out of a daughter of Cruggleton Bar None and was bred in the herd of H. L. Wernicke & Sons, Lena, Illinois. The steer, actually a senior calf, had to be shown as a summer yearling because of his 1,020-pound weight. He was purchased by the Ft. Worth National Bank for \$1,800.

Russell Zier also had the first-prize junior yearling steer on another son of Anoka Sportsman that was bred by the Wernickes. Weighing 1,190 pounds, he sold to Striplings Department Store in Fort Worth for 55 cents per pound. Runner up in this class was the superbly balanced white entry of Olson & Patterson, Council Grove, Kansas, and bred by Hubert Miller, Arbella, Missouri. He weighed 1,140 pounds and sold to E. H. Robertson, at 47 cents per pound.

IMP. CALROSSIE SPORTSMAN 2596-247

Imported Calrossie Sportsman was purchased at a cost of \$16,500 at the 1950 Perth, Scotland, Show and Sale, after winning second in class to the Reserve Supreme Champion and high-selling bull.

In the ensuing five years, his sons and daughters have made history in the show and sale rings of the United States and Canada, and have established their own superiority, as well as their sire's, as breeding animals.

Representatives of three crops of calves by Calrossie Sportsman have been shown. Acadia Rosewood Rachel in the first crop, Acadia Sportsman 13th, Acadia Nonpareil 2d, Acadia Primula, Acadia Princess 2d and Acadia Princess 3d in the second, and Acadia Sportsman 34th and Acadia Primula 3d in the third, have championships to their credit. How many breeders can boast that their herd bull has sired champions of major shows of three successive years?

The calves of Calrossie Sportsman have been consistent sale toppers, ever since

the eleven-month-old Anoka Sportsman, first Sportsman calf ever to sell at public auction, was the \$2,000 high-selling bull of the 1952 Anoka-Curtiss Candy Sale. Fourteen sons and daughters of Calrossie Sportsman, nearly all of them less than fifteen months of age, averaged \$1,098 in the 1953 Acadia Sale.

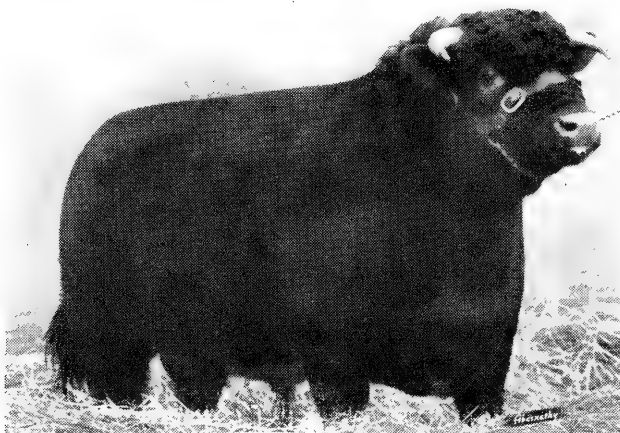

Sons and grandsons of Calrossie Sportsman are making their mark in herds in Ohio, Florida, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, New York, Pennsylvania, South Dakota, Texas, Virginia, West Virginia and Canada. At the 1954 International, three of the best steers of any breed, and certainly the three best steers by any one sire, were Anoka Sportsman. All shown by junior exhibitors, one was champion senior steer calf over all breeds in the open show, while the other two were first and second prize junior yearling Shorthorn steers in the junior show.

Daughters of Calrossie Sportsman are likewise proving their worth. Few Sportsman heifers have been sold since the 1953 Acadia Sale. Acadia's goal has been to retain them to build up their numbers in the breeding herd and to provide the strongest possible 1955 sale offering. Examine Acadia's calves out of Sportsman heifers by five different bulls—Acadia Sportsman 5th, Edellyn Royal Leader 144th, Hayard Monarch, Deep Cove Scottish Monarch 2d and Imported Ballathie Perfect—and you can see for yourself what valuable brood matrons the daughters of Calrossie Sportsman are.

Millhills Champion, the sire of Calrossie Sportsman, was purchased by Captain MacGillivray for 3,600 guineas, and sired many other notable sons and daughters, including the 5,200-guinea Calrossie Knock-Out; Calrossie Elect, second highest priced bull exported to the Argentine in his year; and the 2,000-guinea Calrossie Discovery sold to Australia. When Millhills Champion was bought for Calrossie, an eminent Scotch breeder remarked, "I would rather Captain MacGillivray bought a bull of mine at Perth than make a record sale. It would bring more credit to my herd." Millhills Champion, considered by D. M. Stewart "The best he has ever bred," was described by the late F. W. Harding "as good as any young bull in Britain" in 1946. In the definitive book on "The Scotch Shorthorn," T. B. Marson stated that Millhills Champion was "aptly named, a great thriver with a placid disposition, and a perfect model." Millhills Champion has gone to his reward, but his dam and his full sister can still be seen in Scotland at Millhills, where they stand out as two of the great females in a great cow herd.

Captain MacGillivray's appraisal of Millhills Champion is, "This short-legged, deep-fleshed bull left his mark on the herd, and especially on Kirkton Baronet females." **Calrossie Clipper Evangeline**, dam of Calrossie Sportsman, is by **Kirkton Baronet**, universally recognized as the leading sire of recent years. She is also the dam of Calrossie Perfect, 1952 Perth Supreme Champion purchased by S. G. Bennett for his select Scotsdale herd at Georgetown, Ontario, Canada. Calrossie Clipper Evangeline is as good a brood cow as the Acadia delegation saw in the 23 top herds it visited in Scotland and England in February, 1955. In her mature form, she presents the perfect picture of breed character and quality, combined with depth and thickness, and a wealth of natural fleshing.

Calrossie Sportsman's pedigree is packed with illustrious bloodlines. Every bull in it ranks among the all-time greats. **Millhills Champion** and **Kirkton Baronet** have already been described. **Ascreavie Democrat** sired many high-priced sons for Millhills. **Lawton President Roosevelt** and **Lawton Field Marshall** were two of the most famous sons of Collynie State Express, the great stock bull that first brought the Lawton herd to the forefront. **Collynie Elect**, like Collynie State Express a son of famed **Aldie Conqueror**, was used throughout his life at Millhills; he sired many high-priced sons, and all his daughters were retained in the herd. **Calrossie Supremacy**, a son of Lawton President Roosevelt, was used at Calrossie for a season after his sale to the Argentine at 2,000 guineas; his first crop of bull calves averaged £1,084 at Perth, and included Calrossie Supreme, used with great success at Chapelton before shipment to the United States.

Facts You Should Know About Imported Ballathie Perfect

Imported Ballathie Perfect was selected for use in the Acadia and Deep Cove herds by Mr. and Mrs. Cyrus Eaton, Jr., at the 1953 Perth Show and Sale. Not quite nine months old—there were only three younger calves in the show—Perfect easily placed second in his class of 29 bulls. Because of the embargo of that time on importations from Scotland to North America, Perfect could not be shipped until July, 1953, and because of rigid Canadian quarantine restrictions, did not reach Deep Cove Farms in Nova Scotia until autumn. In June, 1954, Perfect was brought to Acadia where he has seen heavy service. His first calves at both Deep Cove and Acadia have been pronounced proverbial "chips off the old block" by all who have seen them.

Perfect's pedigree could not be improved. His sire **Calrossie Silver Mascot**, by famed **Kirkton Baronet**, the leading sire of recent years, was second prizewinner in 1949 at Perth, where he was bought by Col. Hardie for Ballathie because of "his exceptionally fine head, tremendous bone and substance." Ballathie Regalia, another son of Calrossie Silver Mascot, sold in the Argentine in 1952 for £7,895, the top price of that year for all imported breeds.

Calrossie Silver Mascot's grandsires, **Lawton Field Marshall** and **Lawton President Roosevelt**, were two of the most famous sons of **Collynie State Express**, the great stock bull that first brought the Lawton herd to the forefront. His paternal granddam, **Golden Beautiful**, was a daughter of **Calrossie Broadhooks Bounty** by Perth Supreme Champion **Calrossie Control**, founder of a long line of Perth Supreme Champions. His maternal granddam, **Calrossie Clipper Rosamond**, also by **Calrossie Control**, was out of the same cow as the dam of Calrossie Harmony, sire of Calrossie Welcome, whose sons were Perth Supreme Champions in 1952 and 1955, and whose grandsons were Perth Supreme and Reserve Supreme Champions in 1954.

After Scotland's authoritative beef cattle historian, Wing Commander T. B. Marson, first saw Perfect's dam and granddam several years ago, he wrote, "Noticeable at Ballathie were the 1,000 guineas deep, well ribbed up **Cluny Pauline 70th** by **Calrossie Souvenir**, with well shaped, well hung udder, and her choice red heifer calf by the Perth Supreme Champion, **Ballechin Rodney**." And equally impressive they were found by the Acadia delegation that visited the Hardie herd at Ballathie in Perthshire, Scotland, in February, 1955. In addition to being a Perth Supreme Champion, Ballechin Rodney sired a Perth Supreme Champion, and his sire, Coldoch Minerva was by **Coldoch Sensation**, also sire of Edellyn Royal Leader and imported Norseman, a Perth Reserve Supreme Champion. Rodney's dam was by **Calrossie Silver Wedding**, Perth Reserve Supreme Champion by Perth Supreme Champion **Calrossie Control**. Cluny Pauline 70th's dam was a daughter of **Calrossie Command**, Perth first prizewinner that was by Perth Supreme Champion **Calrossie Control** and that himself sired a Perth Supreme Champion and a Perth Reserve Supreme Champion.

Calrossie highland Pride, sire of Calrossie Troubadour, one of the stock bulls at Acadia Farms.

Calrossie Elspeth Broadhooks, dam of Calrossie Troubadour, junior stock bull at Acadia Farms.

Facts You Should Know About Imported Calrossie Troubadour

Imported Calrossie Troubadour was purchased for \$6,600 at the 1954 Perth Sale for service in the Acadia and Deep Cove herds. His first Deep Cove calves have been impressive, and his first Acadia calves are eagerly awaited.

His sire **Calrossie Highland Pride** has been one of the most successful sires at Perth in recent years. Eight sons averaged \$3,100 in 1953, five sons \$6,600 in 1954. The 1953 sons included the champion groups of three bulls and five bulls by one sire, as well as the Reserve Junior Champion, Calrossie Precision, sold to R. H. Watherston of Crichton, and Calrossie Highland Chieftain, bought by Kickapoo Farms, Kenosha, Wisconsin. The 1954 sons included two first prize-winners and Calrossie Treasurer, sold in the Argentine for 190,00 pesos (\$25,000), top price of the year.

Calrossie Troubadour's dam, **Calrossie Elspeth Broadhooks**, is one of the best young matrons in the Calrossie herd. She is full sister to Calrossie Welfare, first in his class and one of the champion groups in 1952 at Perth, where he sold to Claude Gallinger, Edmonton, Alberta, for 3,600 guineas. The Acadia delegation that visited Scotland in February, 1955, unanimously voted Calrossie Elspeth Broadhooks one of the best brood cows they saw in the course of visiting 23 herds. Certainly her sire **Calrossie Welcome** is one of the most impressive looking herd bulls on view in Scotland. Sons of his were Perth Supreme Champions in 1952 and 1955, while grandsons were Perth Supreme and Reserve Supreme Champions in 1954.

Three of Calrossie Troubadour's grandparents were by famed **Kirkton Baronet**, the leading sire of recent years. **Calrossie Cupbearer**, first prizewinner at Perth in 1948 and member of the champion groups of three and five bulls, sold at 3,500 guineas. At Perth in 1950, with his first crop of calves, he won the cup for the best three bulls by one sire, and his eleven sons, including the Reserve Senior Champion, averaged £2,558 to make him the undisputed top sire of the year. **Calrossie Pauline Pearl**, dam of the 7,000-guinea imported Calrossie Ocean Wave as well as Calrossie Highland Pride, was female champion at the 1950 Royal Highland Show. **Calrossie Nesta Broadhooks** is out of the same dam as the noted show cow Calrossie Honora Broadhooks.

Calrossie Troubadour's fourth grandparent, **Calrossie Harmony**, was a mainstay of the Craggleton herd in its final years before the death of Bertie Marshall. Calrossie Welcome is his most famous son, but he sired a number of other noted bulls, including the 5,500-guinea Craggleton Pandelus and the 4,200-guinea Craggleton Justinian.

Facts You Should Know About

Acadia Sportsman 13th

For full information about his sire, **imported Calrossie Sportsman**, see page 14 of this catalog.

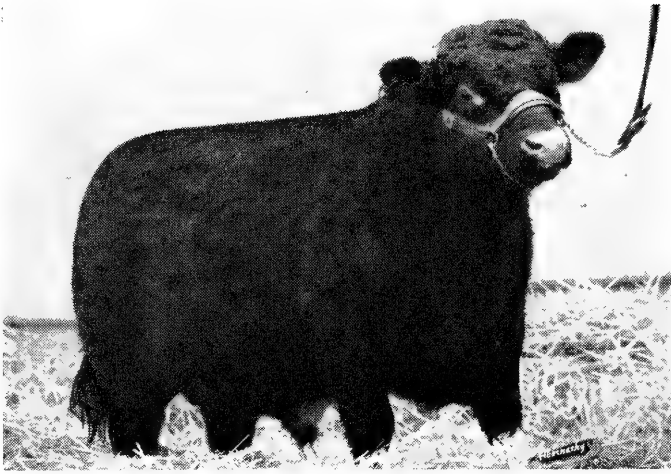

His dam, **imported Tolquhon Princess Olive**, is a daughter of **Pittodrie Banker**, 1943 Perth Supreme Champion that sold for 4,750 guineas. Tolquhon Dazzling Princess, 1950 International and Canadian Royal Winter Fair grand champion female, was out of a Pittodrie Banker dam. Banker's sire, by **Collynie King's Knight**, and dam, by **Collynie Royal Leader**, were the foundations of the Pittodrie herd's fortune. Larbert Patrol, full brother to Tolquhon Princess Olive, was successfully used as stock bull at Ballathie.

Acadia Sportsman 13th is a three-quarter brother to Acadia Rosewood Rachel, Acadia's grand champion female at the 1952 Ohio State Fair. By Calrossie Sportsman, she was also out of an imported dam by Pittodrie Banker.

In 1953, Acadia Sportsman 13th was junior champion at the Kentucky State Fair where he beat Leveldale Caesar, junior and grand champion at the strong Northern Ohio Show, and reserve junior champion at the Ohio State Shorthorn Show and the Ohio State Fair. He headed Acadia's undefeated get-of-sire by Calrossie Sportsman at the Ohio State Shorthorn Show, Ohio State Fair, Indiana State Fair and Kentucky State Fair, and was the male member of Acadia's undefeated pair of yearlings at the same shows. In 1954, he was reserve senior and reserve grand champion at the Michigan State Fair, and reserve senior champion at the Tri-State Exposition.

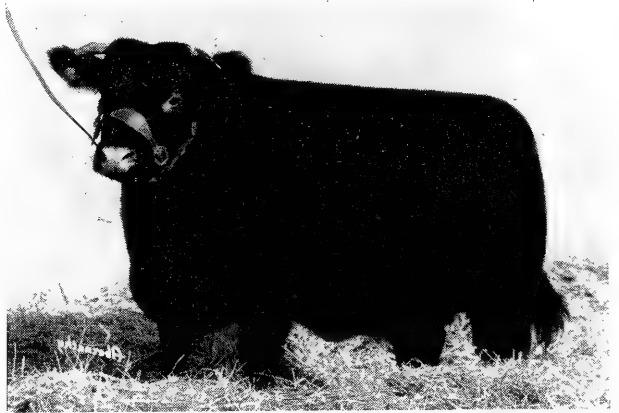

Acadia Sportsman 13th has been used liberally in the Acadia herd. His first calves, one a dark roan out of a white cow, show great promise.

Pedigree, individuality and prepotence are the three indispensable elements of a true herd sire. Rarely is the opportunity presented to find all three thoroughly demonstrated in a young bull offered for sale. Critical examination of **Acadia Sportsman 13th** from each of these aspects is earnestly invited.

(Left) This is Acadia Sportsman 44th, selling as Lot 2 in this auction. Study his pedigree and be sure to read the history of his famous dam on the opposite page.

Facts You Should Know About Acadia Sportsman 44th—

For full information about his sire, **imported Calrossie Sportsman**, see page 14 of this catalog. The dam of **Acadia Sportsman 44th** is **imported Primula**, founder of one of North America's most famous Shorthorn families. Only one representative of the Primula tribe has ever before been sold and, at this time, Acadia is the sole possessor of every living member of the family, male or female.

Every bull in Primula's pedigree was a sire that made his mark in Scotland. The late great **Cruggleton Perfect** has for many years been widely regarded by Scotch cattlemen as the model type of a beef bull. **Aldsworth Royal Jubilee**, by **Bapton Royal Robin**, was recognized as the sire of the best breeding females in the Garguston herd. **Garguston Pauline** was by the noted stock bull, **Kinellar Observer**, grandsire of Cruggleton Perfect.

Primula had the red heifer calf Kildun Primula at foot when she was imported by Acadia in late 1949, and was carrying the red heifer calf Kildun Primula 2d. The first calf stood second in class to Leveldale Crocus, grand champion female at the 1950 Ohio State Fair, and at \$2,500 was the second high selling female of the 1950 International Sale. Kildun Primula 2d was reserve grand champion female at the 1951 Ohio State Fair for Acadia. Primula's third calf, the red Acadia Primula by Calrossie Sportsman, and therefore full sister of Acadia Sportsman 44th, was grand champion female of the 1953 Ohio State Shorthorn Show, junior champion female of the 1953 Indiana State Fair and reserve junior champion of the 1953 Kentucky State Fair. She teamed up with Acadia Sportsman 13th, selling as Lot 1 in this sale, to form the undefeated pair of yearlings at the major 1953 summer shows, and was a member of Acadia's undefeated get-of-sire by Calrossie Sportsman at the same shows. Primula's fourth calf, the red Acadia Primula 2d by Calrossie Sportsman stood well up in class during her brief 1954 show career. Acadia Primula 3d, the red daughter of Calrossie Sportsman and Kildun Primula 2d, was a sensation of the 1954 show season. She was grand champion female of the National Shorthorn Show at the Ohio State Fair and of the Tri-State Exposition, junior and reserve grand champion of the Michigan State Fair, junior champion of the Kentucky State Fair and reserve junior champion of the Canadian Royal Winter Fair. Acadia Sportsman 60th, Acadia Primula 3d's full brother, will make his debut as a summer yearling on the show circuit this year. Acadia wishes to reserve the right to show Acadia Sportsman 44th as its junior yearling.

Facts you should know about Acadia Sportsman 32d—

For full information about his sire, **imported Calrossie Sportsman**, see page 14 of this catalog. From Acadia's 1954 show herd, **Acadia Sportsman 32d** stood near the top of his class wherever shown. His dam **Princess 2d**, reserve champion female of the 1949 South Central Illinois Sale, has been one of the most dependable producers in the Acadia herd. Her first calf, Acadia Princess, was first prize senior heifer calf at the 1950 Ohio State Fair, and has been retained in the herd. A son by Sni-A-Bar Random Mercury was one of the high-selling bulls at the Columbus Grove Sale. Acadia Princess 2d, a daughter by Calrossie Sportsman and therefore full sister to Acadia Sportsman 32d, was a consistent first prize winner at the 1954 eastern Canadian shows, with the grand championship of the Central Nova Scotia Exhibition and the senior championship of the Prince Edward Island Exhibition to her credit. Acadia Sportsman 32d's dam combines the bloodlines of the great **Bapton Air Pilot** on her sire's side with a strong double infusion of the famed **Browndale Count**, sire of International Grand Champions, on her dam's side, through the noted Browndale Commander

Facts you should know about Acadia Sportsman 34th—

For full information about his sire, imported **Calrossie Sportsman**, see page 14 of this catalog. **Acadia Sportsman 34th** was a valuable member of Acadia's 1954 show herd. He was reserve junior champion bull at both the Michigan State Fair and the Tri-State Exposition. His dam **Elmhurst Princess**, by 1942 Perth Supreme Champion **Royal Rothes**, is the kind of cow that can be obtained only at a dispersion. Acadia was her fortunate buyer at the sale of the late F. S. Davidson's herd in 1949. Through her dam's sire she carries the inheritance of his sire **Calrossie Graduate**, Perth Reserve Junior Champion and son of Perth Supreme Champion **Calrossie Control**, while her dam's dam is closely descended from **Bridgebank Rosedene**, like **Calrossie Control** a famed son of the incomparable **Collynie Royal Leader**. All of Elmhurst Princess' calves have been in the Acadia show herd, and all of her daughters are being retained in the herd. Acadia Princess 3d, by **Calrossie Sportsman** and therefore a full sister to **Acadia Sportsman 34th**, was grand champion female of the 1953 Northern Ohio Shorthorn Show and reserve grand champion female of the 1953 Ohio State Shorthorn Show, where another Acadia entry was grand champion. Always first or second in her class, Acadia Princess 3d was a key member of Acadia's undefeated get-of-sire by **Calrossie Sportsman** at the 1953 Ohio State Shorthorn Show, Northern Ohio, Ohio State Fair, Indiana State Fair and Kentucky State Fair.

Facts you should know about Acadia Contribution—

The junior bull calf from Acadia's 1954 show herd, **Acadia Contribution** placed first at the Tri-State Exposition, and stood close to the top of his class wherever shown. His sire, **imported Lawton Leonardo**, was the high-selling bull of the 1953 Acadia Sale after liberal use in the Acadia herd. Acadia Carnation 6th and Acadia Jealousy 6th, selling as Lots 18 and 23, are typical Leonardo calves. Leonardo's sire, **Chapelton Orion**, exported to the Argentine for 2,000 guineas after placing second at Perth, was by **Calrossie Contribution**, one of the best sons of famed **Kirkton Baronet**. Orion's dam was a daughter of **Calrossie Souvenir**, the Perth Supreme Champion that was sired by a Perth Supreme Champion and that sired a Perth Supreme Champion. Leonardo's dam was a granddaughter of both the great **Aldie Conqueror** and his noted son, **Collynie State Express**, the stock bull that first brought the Lawton herd to the forefront. Acadia Contribution's dam, a heavy-milking cow from the famous old Bellows Queen of Beauty family, combines Collynie's best bloodlines, on her sire's side, with the rich inheritance of International grand Champion **Browndale Goldspur**, through her dam. A son of **Queen of Beauty 111th** placed and sold well at the 1951 International Blue Grass Futurity, while a daughter brought \$1,775 in the 1953 Acadia Sale from Wilbur Boutell's Bilmar Farm, Grand Blanc, Michigan. Another daughter sells as Lot 30 in this sale.

Thick, smooth cows produce thick, smooth calves, especially when mated to such sires as Calrossie Sportsman, Calrossie Troubadour and Ballathie Perfect. Have a look at lusty calves with their dams in the paddock at Acadia Farms.

About The Females In This Sale

Because we have attended many auctions where the cattle were all of one age and failed to provide for the varied needs of prospective buyers, we have put a lot of study and thought into the selection of the 1955 Acadia female offering. We feel that this offering of females is well balanced. You will find a liberal number of open heifers sired by our famous Calrossie-bred bulls and they are the kind that will help you make a record for your own herd bull. A large number of the females are well forward in calf to Acadia's herd bulls and you need only to look at our calves on sale day to determine the results of these matings. Although we have not repeated the statement in each footnote, all females from the Acadia herd are vaccinated for Bang's and the herd is Federally Accredited for tuberculosis.

Acadia Farms . . .

is the 850-acre property of industrialist Cyrus Eaton at Northfield, Ohio, midway between the great cities of Cleveland and Akron. Mr. Eaton lives at Acadia the year around, and devotes part of every day to farming activities despite the myriad demands of his widespread industrial interests.

Mr. Eaton is also the owner of 3000-acre Deep Cove Farms at Upper Blandford, Nova Scotia, Canada. The Acadia Shorthorn herd numbers more than 300 head, while a smaller herd of approximately 60 head is maintained at Deep Cove.

Acadia Farms is made up of ten farmsteads. Its 250 acres of blue grass pastureland are divided into 11 pastures, each well-shaded and amply supplied with clear running water from springfed brooks. Three hundred and fifty acres of cropland are under cultivation at Acadia, and the balance of the property is in timberland, much of it virgin forest.

Assisting Mr. Eaton in the operation of both Acadia and Deep Cove are Dwight Griffith, cattle expert and Betty Royon, Vice Presidents of the two farms. Miss Royon is a Director of American Shorthorn Breeders' Association. Mr. Eaton also has the capable assistance of Thomas Zinck, Harvey and Ruby Zinck, and Fred Mackie with the cattle at Deep Cove Farms, and of Wilfred and Edna Charron, Carlton Cook, Dennis Hite and Carroll Weller with the cattle at Acadia Farms.

Below—Here's a close-up of a few of the Calrossie Sportsman calves. Like them? The seed provided in this sale will make it possible for you to produce the same kind.

Facts you should know about Acadia Jealousy 6th—

Her sire **Imported Lawton Leonardo** was the high-selling bull of the 1953 Acadia Sale after liberal use in the Acadia herd. Acadia Contribution, Lot 7, and Acadia Carnation 6th, Lot 18, are also typical Leonardo calves. Leonardo's sire, the 2,000-guinea Perth second prizewinner **Chapelton Orion**, was by one of the best sons of famed **Kirkton Baronet**, and out of a daughter of **Calrossie Souvenir**, Perth Supreme Champion that was sired by a Perth Supreme Champion and sired a Perth Supreme Champion. Leonardo's dam was a granddaughter of both the great **Aldie Conqueror** and his noted son, **Collynie State Express**.

Her dam, **Acadia Jealousy**, was by **Imported Pittodrie Upright**, 1946 Perth Supreme Champion and, at 14,500 guineas, the highest selling Shorthorn bull in history. Another daughter of **Acadia Jealousy** sold for \$1,600 in the 1953 Acadia Sale. The granddam, **Ransom's Jealous Lady**, a successful show heifer and a highly dependable brood cow, was by a son of **Imported Royal Rothes**, Perth Supreme Champion, with a strong infusion of the blood of **Imported Millhills Champion**, another Perth Supreme Champion, and out of a daughter of **Browndale Conqueror**, by **Browndale Pilot**, sire of an International Grand Champion. Yes... we're interested in good steers at Acadia

Mary Kay Griffith, daughter of Acadia's Vice President and General Manager, Dwight Griffith, exhibited her Shorthorn steer to grand champion over all breeds in the junior show of the 1954 Summit County Fair. This is the first time a girl has ever won this honor in Acadia's home county. In the picture above Mary is shown with her 1950 club steer that was champion Shorthorn steer and reserve grand champion over all breeds at the Ohio State Fair, and went on to the International where he was champion Shorthorn steer in the junior division.

The Shorthorn steer shown by Tommy Shaw, son of Mr. and Mrs. Milo Shaw, of Uniopolis, Ohio, to grand champion over all breeds in the strong junior show at the 1954 Auglaize County Fair was bred to Acadia. Tommy bought the steer from Acadia in the 1953 Marion District Sale on a bid of \$250, top of the steer sale, and realized \$1,640 on him. He weighed 1,090 lbs. and brought \$1.50½ per lb. from Pangle's Market, Lima, Ohio. Acadia aims to make a liberal number of top steer calves available each year to boys and girls for junior club activities.

Three years in a row. That's the record of championships for bulls produced in our Deep Cove Herd in Nova Scotia.

DEEP COVE SCOTTISH MONARCH 3rd was named grand champion of the 1954 Maritime Winter Fair, eastern Canada's major annual show. He won this award over some mighty heavy competition. He is a full brother to DEEP COVE SCOTTISH MONARCH 2nd, grand champion of the same show last year, and full brother to DEEP COVE SCOTTISH MONARCH, reserve grand champion of the 1952 show. Another half brother by Hayard Monarch was grand champion in 1952.

First prize get at the 1953 Maritime Winter Fair by Hayard Monarch, reserve grand champion, 1948 Royal Winter Fair. Deep Cove Scottish Monarch 2nd is at the right.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or not allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

Calfhood vaccination is practiced regularly at Acadia Farms and every effort is made to guard the health of the animal. Each animal in this sale has complied with the health regulations of the State of Ohio and health certificates on sale day will be issued by an authorized representative of the Ohio State Veterinary department.
